(a) Changes to the Dates Proposed

The dates cannot change due to contractual obligations of our client.)

(b) Reasons Why the Applicant Determined No Alternative But to Import the Foreign Vessel

The applicant controls their Aframax vessel's schedule to ensure it lines up for their cargo and loads the necessary cargo quantity. Canadian flagged vessels are primarily panama-max sized or Suez-max sized vessels, as is the case of the 3-4 shuttle tankers that work in the Newfoundland area. Phillips 66 needs to move an Aframax sized cargo.

Furthermore, the number of vessels available is not reliable enough to guarantee that a spot Canadian flagged vessel would be available a month from now.

For the above-mentioned reasons, a Canadian flagged vessel would not be a feasible option for our requirements.
