**I must say, what a great experience to witness such a performance that will never be forgotten any time soon, I am glad I could join to witness the good work you are all doing.  
Many Hyska's to you, the creator is with you all.**

*Chief Gordon Planes, T'Sou-ke Nation, 2018*

**Caravan's Nomadic Tempest is truly wonder-filled. Something wholly original.  
It moves at the pace of nature, mesmerizing and grand. It has wicked technical chops.  
One of a kind. You will never see anything else like it!**
